Mark Russel Miranda

Reports Analyst / Junior Data Scientist

☐ (+63) 920 - 981 - 0209 | ✉ sir.markds@gmail.com | Ⓞ daddyawesome | ⌂ daddyawesome.github.io

I am a creative person and love exploring machine learning, data analysis and interpretation. I am eager to talk and work with others, and take great pleasure in sharing knowledge with colleagues. I am an agile learner and I want to develop my skills in all sorts of challenging situations.

Skills

Passion for technology
I am always eager to develop my skill set. I have experience with languages like Python, as well as HTML, CSS, JavaScript. I also have a lot of knowledge about frameworks like Flask and Django.

Experienced Data Analyst
I have been analyzing data since the start of my career from teaching them to actually doing it in the industry.

Quick learner
I can quickly adapt to new environments and thrive in challenging situations. I bring a positive attitude with me wherever I go and I want to help others with any and all challenges.

Experience

Qualfon
Reports Analyst   **Oct, 2019 — Present**
Reporting globally on all company sites using Data Visualization Tool like Power BI and doing Exploratory Data Analysis using Jupyter Notebooks.

Accenture
Data Analyst / Real Time Analyst   **Oct, 2017 — Oct, 2019**
Analyzed data, out of production from the teams supported and gives report by making use of Excel Power Pivot, data visualization and VBA.

Velez College
College Instructor   **Feb, 2010 — Mar, 2017**
I acted as a college instructor and in here I started my journey into the field of coding.
- *Physics Instructor* - Most of my time in the college I was doing lecture and laboratory instruction in Physics
- *Mathematics Instructor* Half of my time in the College I had been a lecturer in Algebra and Statistics.
- *IT Instructor* - I was in charge of the college's Computer Laboratory and I am one of the instructors who guide students doing their laboratory works especially using python for their statistics project.

University of San Jose-Recoletos
Math and Physics Professor   **Jun, 2005 — Oct, 2010**
This would be the start of my career in the academe, where I work as a professor of Physics and Algebra.
- *Physics Professor* - More than half of my time in the university I was doing lecture and laboratory instruction in Physics
- *Algebra Professor* For almost 5 years in the university I had my time lecturing college algebra.

Projects

My Data Science Projects

Student / Data Scientist   **2019 - Present**

Make a blog post about all my learnings in Data Science. View all the pages/notebooks at this link.
(https://daddyawesome.github.io/data_science/)

Notebooks a.k.a. My Writings

Technical Writer   **2017**

I am trying to learn machine learning and I want to write what I have learned. View it at this link.
(https://daddyawesome.github.io/writings/spartan/)

Recognition

My Certificates

• 2019 -2020

Earned certifications from Coursera Specializations and LinkedIn Learning Path. View my Certificates at this link. *(https://daddyawesome.github.io/writings/certificates.html/)*

Education

Mindanao States University - Iligan Institute of Technology

Bachelor of Science2000 — 2004

Specialized and graduated in Physics
